Parking Lots Project Being Sent Out To Bid Again

By Susan Rand

Town officials have gone to a second round of bids on the $1.4 million municipal parking areas project after receiving only one bid on the project last week.

Town Manager Kenneth Mahoney conceded that the bidding process was confusing with contractors able to bid separately on two parking areas or on a "package deal" of both projects. The only bid received last Tuesday was returned unopened, Mahoney said, because it would be unfair to have opened just one estimate. The parking areas will be paid for with a combination of state and town funds. And second bids will be due Friday, April 27.

The parking areas may hold a total of up to 300 cars but plans are still sketchy about the final totals each area will hold. One of the parking areas is on the land where the Heartland market used to be. That lot will cost from $600,000 to $800,000, said Mahoney. And the job will be two-thirds financed by the state with the town picking up the rest of the tab.

The focus of that portion of the municipal parking areas is to make the area attractive, explained Mahoney. He said sidewalks will be added, utility wires will be buried eliminating the need for telephone poles, and shrub lined islands will be put in the large lot.

"We are making it a more human scale," said Mahoney. "The area will be comfortable and easy to maintain."

That portion of the parking project will hold between 150 and 175 cars. And another 125 cars will fit in three parking spaces planned for the second portion of the parking project.

Funded by town money that was appropriated back in 1982 for the Town Hall renovations, the $300,000 to $600,000 job will add a circular drive to the front of Town Hall where visitors may park for 15 minutes. The ground will be leveled there so an existing handicapped entrance in front on the building, now lower than the temporary parking area, will be accessible to those who park in front of the town offices. The stairs to the auditorium, at the side of the building facing the park, will be taken out and entirely replaced. That job will cost at least $50,000 said Mahoney, adding that the stairs should have been replaced when the auditorium was renovated. A circular drive on that side of the building will also be taken out. Two new parking areas will face that side of the building. They will hold about 42 and 50 cars each. And another 33 cars will be tucked on the other end of the building, near the Senior Center entrance.

Mahoney said he expects the entire job will take only eight weeks. But, he said, he may delay the work until the fall if planning stretches into the summer. The shrubbery planting won't take place in the summer, he said.

Selectmen Praise Planners

Among their final thoughts on annual town meeting 1984, the Board of Selectmen had words of praise for the Planning Board's performance.

"The Planning Board was the shining light on the stage," Selectmen Chairman Donn Byrne said last Monday night. The planners have "the toughest job" in preparing for town meeting, Byrne said, and they did "an outstanding job. They made excellent presentations, and came through very, very nicely."

Byrne said the selectmen would send a letter of thanks and congratulations to the planners, a hard-working volunteer board.

The planners, in turn, this week thanked Community Development and Planning Director Jonathan Gilmore and staff planner Nancy Jeton for their part in preparing the board for town meeting.

Looking for ways to ease the town meeting burden on the planning board, the selectmen indicated that it would be helpful to close the warrant earlier, allowing more time for planning board public hearings on zoning articles.

And Selectman William Dalton said town officials should consider returning to the past tradition of fall town meetings, in addition to the annual spring meeting, to "avoid one big crunch" every spring.

Town Manager Kenneth Mahony said adding a fall meeting might just "create more work overall" for all town officials, but the selectman maintained that the idea was "worth thinking about."

Licenses, Permits Approved

During a regular meeting at town offices last Monday night, the Board of Selectmen approved a variety of licenses and permits.

The Merrimack Valley Chapter of the March of Dimes Birth Defects Foundation, 89 North Main St., was given permission to hold its annual Friday Night Fiver road race on Friday, June 1, starting at 6:30 p.m. The race will begin and end at the West Andover Community Center building, 56 River Road. March of Dimes was also granted a one-day beer license for 5 p.m. to midnight June 1 for the River Road location.

New England Telephone and Telegraph was granted permission to lay and maintain underground conduits and manholes under part of River Road, to serve the new Doyle Lumber Co. property.

Bay State Gas was given permission to excavate in Lovejoy Road, in the sidewalk area of Morton Street, at 25 Locke St., at 55 Maple Ave. and in Holly Terrace.

The Christian Formation Center, 475 River Road, was granted one-day all-alcholic licenses for a 5 p.m. to midnight April 13; 6 p.m. to midnight April 27; 1 to 8 p.m. April 28 and April 29; 6 p.m. to midnight May 5; noon to 8 p.m. May 12; 2 to 10 p.m. May 19; 3 to 11 p.m. May 26; and 6 p.m. to midnight May 27.

And, acting as sewer commissioners, the board approved sanitary sewer connections for one subdivision lot on Lowell Junction Road, and two industrial lots in West Andover Industrial Tech Park.

Right Turn From Central Street Permitted

For those who can't distinguish an illegal right turn from a legal right turn: It is now legal to turn right onto Main Street from Central Street.

That turn was forbidden after Elm Square was redesigned last year (although many drivers ignored the rule and made the turn anyway), but earlier this month the state Public Works department approved a waiver to that rule, the selectmen noted last week.

Rights turns on red at Central and Main are, however, still prohibited.

The selectmen will soon review a draft of updated traffic rules and regulations for the town; the written rules have not been updated to incorporate changes since 1964, Chairman Donn Byrne said last week.

AFS Seeks Hosts For Foreign Students

The American Field Service is looking for one more Andover family to host a foreign student for the coming school year. Andover adult AFS member Marcia Johnson said the only requirements to host a foreign student is that the prospective family be in good health and be able to provide a bed for the student.

The Andover group will interview those families interested in hosting a foreign student. They also serve as a support group for the families and students once the student is placed, explained Johnson.

"People need is to be available to sit and talk with the students," explained Johnson. "There are a lot of things they don't know when they first come here."

For more information on hosting a student from another country call or write to Marcia Johnson, 27 Sunner St., Andover.

On Dean's List

Six local students have been named to the dean's list for the fall semester at Salem State College, Salem, Mass.

From Andover, Richard Callahan and Nancy Lundgren made the grade. And from North Andover, Richard Camire, Robert Cochrane, Claire Gravel and Beth Kohl were named to the dean's list.

America purchased Alaska from Russia for about two cents an acre.

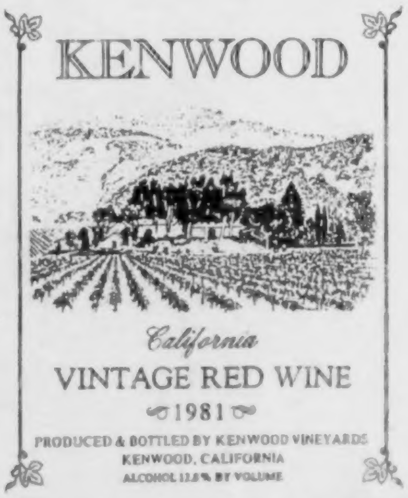
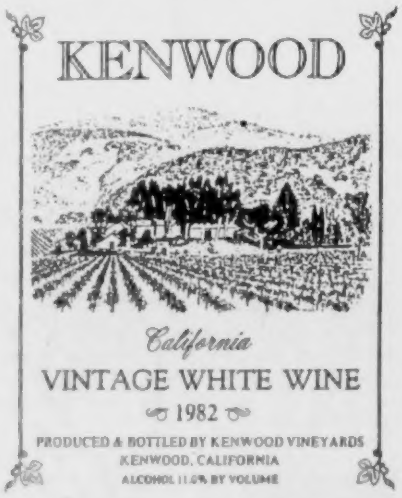
We have a special selection of domestic and imported wines at special savings this season. All wines are available at these prices while supplies last.

Kenwood 1981 Vintage Red

Kenwood 1982 Vintage White

These are 2 fine examples of affordable everyday wines from California. The red is dry, medium-bodied, with broad fruit flavors. The white is light/medium bodied, dry, fresh with good acidity. We recommend both as excellent values at 4.99/bottle, 53.89/case.





Clos du Bois

The Clos du Bois winery, established in 1974 owns 1200 acres in Dry Creek and Alexander Valley. They produce six different varietal wines of which "the best are boldly winey Gewuztraminer and an easily drinkable claret-style Cabernet." (H. Johnson, Modern Encyclopedia of wine.)

The 1983 Early Harvest Gewurztraminer is dry, medium bodied and clean with very spicey assertive fruit, fine acidity, well-balanced with a lingering finish. It is Highly Recommended by the Wine Spectator as "an outstanding Gewurztraminer, has structure and character most never achieve."

The *1980 Cabernet Sauvignon* from Sonoma County is dry, medium-bodied, clean with black current and oak flavors and a medium-long finish.

Recycling Schedule To Change In May

The week of April 23 will be the last recycling week following the system of paper and glass pickup at the same time. Starting May 7, the first and third weeks of every month will be for paper pickup only, while the second week will be for glass only. No collections will be made the fourth and fifth weeks of the month.

Pickup weeks for paper under the new system follow the same schedule as recycling weeks marked on the yellow recycling calendar for May, June and July: May 7 and 21, June 4 and 18 and July 2 and 16. Glass collections will take place the weeks of May 14, June 11 and July 9.

A revised four-month schedule of paper and glass collection weeks is available in the town clerk's office in Andover Town Offices on Bartlet Street. It will also be available at the Giant Recycling Sale, Auction and Aluminum Drive at Draper Hall May 19. Recycling volunteers will be happy to answer any questions concerning the new recycling system and may be contacted at any of the numbers printed on the yellow recycling calendar that was mailed to all householders last December.

Judy Collins Next At Center

"What's the 'best' of Judy Collins?

"Everything she does is terrific!" said one young man at the Collins Center Box Office this week where he was picking up tickets for himself and friends. That's the bill on Friday, May 11, at 8 p.m. in Andover when Judy Collins makes her debut at the J. Everett Collins Center for the Performing Arts on Shawsheen Road in "The Best of Judy Collins."

Currently "wowing" the concert circuit nationally, Collins will be in the Merrimack Valley for one night only to present a concert hailed by critics and audiences as truly 'her best.'

Collins describes herself as a contemporary pop singer. For more than 20 years, her choice of material from a wide variety of sources, in addition to her own writing, has reflected her life and the world around her: "My work is an expression of the person I am, a mother, friend, an artist, a woman."

Her choice of material has often made Collins a difficult artist to label. Over the course of the 19 LPs she's recorded since 1961, she has interpreted songs in folk, rock, country, theatre and other idioms, infusing each with her own style.

Collins' early years in music gave her a taste for variety. Her first involvement in music was in the classical realm, an interest sparked by her father, a singer, composer and broadcasting personality in Los Angeles and Denver during the golden days of radio. After studying classical music and piano, at 16 Judy Collins moved to guitar and began to sing folk songs in clubs around Denver. Her clear-voiced readings of traditional material are captured on her first albums, "Main of Constant Sorrow" (1961) and "The Golden Apples of the Sun" (1962). These releases prompted "Time" magazine to acknowledge her as "a major contender for the female folk crown."

Once established in the folk field, however, Collins decided to break new ground with the 1964 album "Judy Collins Concert-Live," 1965's "Judy Collins' Fifth Album" and 1966's "In My Life." She became known for recording songs by important new composers, such as Leonard Cohen ("Suzanne"), Randy Newman ("I Think it's Going to Rain Today"), and Joni Mitchell ("Both Sides Now" and "Chelsea Morning"). Her 1966 album included yet another source of material, the European theatre tunes of Brecht/Weill and Jacques Brel.

The 70s found Collins ever active as a recording artist after stints of acting and writing. Her best known album releases during that time include 1970's "Whales and Nightingales" (which went gold and as the source of her popular version of "Amazing Grace"), 1975's "Judith" (also gold and featuring her international hit, Stephen Sondheim's "Send in the Clowns"), 1979's "Hard Times for Lovers" and 1980's "Running For My Life." A two-disc compilation album, "So Early in the Spring: The First Fifteen Years" (1977), provided a comprehensive retrospective of Collins' music up to that time.

Collins' recent sold-out performance at Boston's Symphony Hall is illustrative of her continued popularity, a popularity evidenced by her sold-out national concert tour this spring. Tickets for Judy Collins, Friday, May 11, at 8 p.m. at the Collins Center, Shawsheen Road, Andover, are still available. Call the Collins Center for reservations and information or visit the box office to select seats. Tickets are also available at Just for You, Main Street, Andover and the main branch of the Andover Bank on Main Street. The presentation is sponsored by the Andover Endowment for the Arts.

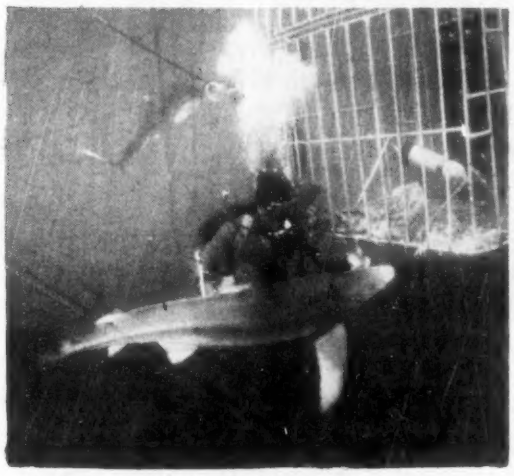
Undersea Photos Lecture Topic



Underwater Photography Of Stan Waterman

The Stan Waterman Show, an in-person presentation by the foremost maker of documentary films about the world under the sea, will come to Kemper Auditorium of Phillips Academy, Andover, Friday, April 20, at 6:45 p.m. Through his many encounters with sharks and whales, Waterman is particularly familiar with these most dramatic of sea creatures.

Cinematographer Waterman, who holds a Jacques Cousteau Diver of the Year Award, is an Emmy Award winner for his filming for the American Sports Show and has produced and/or directed underwater camera work for 51 films, including the classic "Blue Water, White Death," a feature film about the search for the great white shark. Later he accompanied "Jaws" author Peter Benchley to Australia for a real confrontation between Benchley and a 16' white shark for an ABC special. He has filmed an hour-long special on sharks for NBC; his filmed story of his family's year in Tahiti became one of the most popular National Geographic TV specials, and his still photography of giant manta rays was carried in the February 1981 issue of National Geographic.

Waterman gives the audience his own views on the prmitive, instinct-motivated shark and the highly intelligent and gentle whale, with recent theories and intelligence developed by scientists who have worked with him.

Waterman, a graduate of Dartmouth Colege and a U.S. Navy veteran, has won a number of other awards and has produced half-hour public relations films for various resorts and diving enterprises.

ACT Presents Williams' Play

Andover Community Theatre, in conjunction with the Department of Community Services, will present the award-winning Tennessee Williams play, "Cat on a Hot Tin Roof," on April 27, 28 and 29 and May 4 and 5 at Doherty Junior High School in Andover.

This production, one of Williams' finest, demonstrates that he is the master of American dialect. His characters speak, at times almost sing, with the "terrible pride of the defeated." His plays are violent, angry, poetic and disturbing in their ability to break through the facades and self deceptions of a satisfied respectability and to reveal the warring passions of our darker selves beneath.

The cast and production crews are all hard at work perfecting their craft to assure you of the finest production possible. "Cat on a Hot Tin Roof" is being directed and produced by Thomas A. Kirkman. A special matinee performance will be held on Sunday, April 29, at 2 p.m. for senior citizens and students with I.D.s at a reduced price.

Mass. Electric Show Visits Two Schools

"Energy Matters," a new educational theatre program designed to teach children the principles of electricity, conservation and safety was presented on April 12 at the Henry Sanborn School and St. Augustine's School in Andover.

Massachusetts Electric is sponsoring "Energy Matters," a program of two 35-minute plays with a host of imaginative characters and plenty of audience participation. City Stage Company of Boston produced the plays.

Fenton W. Varney, district manager of Massachusetts Electric, says the plays are being offered as a public service to elementary schools in the company's service area.

"We would like school children to learn how electricity works and how to use it safely and wisely," he said.

Children in kindergarten through grade three learn how electricity reaches their homes when the students join actors on stage to recreate a model of the electrical system. Older children in grades four through six learn about energy and electricity by fueling the I-Magine Machine with the energy suggestions. Both age groups meet a talking house suffering from electrical safety problems.

Mari Jones, Richard Messickf and Sally Campbell, members of the City Stage Company, which specializes in educational theatre programs for children, play all 12 characters in the plays.

"Energy Matters" will visit 63 Massachusetts schools during the current school year and more than 26,600 children throughout the state will see the plays.

Medicare Payments

Since the recent introduction of a new Explanation of Medicare Benefits (EOMB) form, numerous beneficiaries have been incorrectly sending payments to Medicare B which should instead be going to their physicians and other providers of services

The sentence beneficiaries are misinterpreting appears in a paragraph on the lower part of the form which tells beneficiaries how much Medicare is paying on claims for services rendered The misunderstood sentence states, "You are responsible for the approved amounts and the Medicare payments." Beneficiaries should be aware they may be "responsible to the provider of services (physician, ambulance company, etc.) for the difference between the approved amount and the Medicare payment.

Honoring A Volunteer For Her Instant Involvement

By Sue Aucella Deacon

Since she moved to Andover in the fall of 1982, Blair Wyatt has had a chance to talk tennis with Tracy Austin, talk clam chowder with Jimmy of Jimmy's Harborside restaurant, and "get lost in the dark on little side streets all over the North Shore."

Blair has plunged into these enterprises as an enthusiastic member of the Junior League of Boston, Inc., "a wonderful thing, coming into a new area, for instant involvement," she says. "I've always been used to being very involved, and the League gives me that opportunity."

The League has recognized her for her "instant involvement" by naming her their Volunteer of the Month, and profiling her in their April newsletter. Her message: "You don't have to stay new."

Blair moved to Algonquin Avenue from Chadsford, Penn., with her husband, Robert Wyatt, and their two children (Elizabeth, 12, and Rob, 7) after Robert was transferred to a new position within the DuPont corporation. They had previously lived in a suburb of Chicago, Ill., where Blair first joined the Junior League four years ago.

These are her "volunteer years," Blair says, and she "rounds out" her League activities with volunteer service within Andover: as a member of T.W.I.G.S. (Today's Women in God's Service) at South Church, and as the Sanborn School community representative on the school department's ASK (Assessment, Support, Knowledge) team, part of a program on drug and alcohol abuse. She is also working as an Andover "go-getter" for the upcoming Channel 2 auction, soliciting and picking up donations from local merchants.

A former teacher and French tutor who majored in French at the University of Indiana, Blair recently began substitute teaching in the Andover elementary schools as well, "which I'm loving," she says. "It's a way to get back into my profession." She adds that volunteering and part-time teaching both, "a nice combination."

Most large cities have a Junior League, Blair says, and with more than 650 members divided among seven area branches, Boston's is one of the largest. (Blair belongs to the North Shore area.)

The Junior League has "been around forever," she notes, but its membership has changed: the dilettante socialite is no more. "Everyone is very busy and doing everything," she says of the Junior League volunteer of the '80s. "Many have jobs — [illegible] percent are professionals right now — and most are heavily involved in other aspects of their communities."

What attracts Blair to the League is its emphasis on "high-quality volunteerism," she explains. "No one has the time to give to an organization that will not use their time effectively."

An educational and charitable service organization, the League is dedicated to promoting voluntarism and demonstrating the effectiveness of trained volunteers. "It's a very professionally-run group," she says.

The League focuses on three areas: women, children, and the arts. It sponsors, for example, a puppet show called "Kids on the Block" that travels around Boston elementary schools teaching children to deal with physical handicaps "in a positive way"; and a career development seminar for women uncertain about the future.

League volunteers are thoroughly prepared for every undertaking, and "the wonderful training and information is as exciting as the actual doing." Blair has taken League seminars and training sessions on marketing and publicity, for instance, and will soon learn how to monitor legislation on women's and children's issues.

Her first major project for the Boston organization was to publicize the 1982 Virginia Slims Tennis Tournament within the League, which was a sponsor of the Boston tournament. She was charged with encouraging League members to attend the tournament.

Last fall, she helped organize the League's Very Very Bazaar Bazaar in Boston, which she describes as "a shoppers' market offering high-quality, unusual items from out-of-state specialty shops." (She is already working on plans for next fall's bazaar; the annual fundraiser will be held Nov. 26 through 29 at the Copley Plaza ballroom.) And as a member of the North Shore Area Board, she is researching ideas for new League projects.

But what is keeping Blair busy these days and nights — making telephone calls, attending meetings and keeping track of endless details — is one of the League's major fundraising events, the Decorators' Show House and Garden Tour, which opens Sunday, April 29, at the Norfolk Inn, 19 Court St., Dedham. The show house will be open to the public through Sunday, May 20; tickets will be sold at the door.

Each room in the 1802 inn has been "smashingly done" by one of 38 Boston-area interior designers. The house and garden, staffed by League voluteers, will be open to the public from 10 a.m. to 3 p.m. Mondays through Saturdays; 6 p.m. to 8:30 p.m. Tuesday, Wednesday and Thursday evenings, and 1 p.m. to 4 p.m. Sundays. A gift boutique, cafe and decorators' sales desk will also be featured.

"What's fun," Blair says, "is that I've seen the house taken from a vacant, charming house in need of love — just a wonderful structure with nothing in it — and turned into a gem — dazzling and beautiful."

Working with the League has accelerated her acquaintance with Boston and its environs, she notes. "I've been lost in the dark on little side streets all over the North Shore, trying to go to meetings at night," Blair says with a laugh. "And it's gotten me over any qualms about driving into the city. If I had not had to do these things, I wouldn't know Boston and the area nearly as well as I do now. That's been a real plus."

Blair enjoys running ("my dog needs the exercise"), tennis, her home and family: "I do love to be in the kitchen — I'm still very very domestic. I still take a real interest in doing things for my family."

She's looking forward to taking the summer off from all volunteering to explore New England with her husband, who has been "wonderfully supportive and encouraging," and children. (Summer is very much for the children.)

Blair Wyatt

Volunteering with the Junior League of Boston has taken a large commitment in time and distance, she says, but those aspects have been "far outweighed" by the friends she's made, the skills she's learned, the "tremendous variety" she's enjoyed.

"It's still new and exciting," Blair says. She remembers working on the Virginia Slims tournament: "I had only been here a short time. I had never done publicity before. And there I was talking with Tracy Austin at the Boston Garden. That really knocked my socks off."

And she describes chatting with Jimmy of Boston's famed Jimmy's Harborside, arranging for his restaurant to donate clam chowder to a brunch as part of the Very Very Bazaar Bazaar. "Without the League, I would never have had that opportunity," she notes.

"It's just fun, that's what it is," Blair says. "It's fun."

NOTE: For information about advance tickets to the Decorator's Show House and Garden Tour, please write Sue Reilly or Betsy Amsbary, Junior League of Boston, Inc., P.O. Box 144, Wellesley 02181.

Folk music fans have a chance to reminisce next month with the Kingston Trio when they perform in their only New England concert on Friday, May 11, at the Volpe Sports Complex, at Merrimack College, Rt. 125, North Andover.

The Lawrence General Hospital Aid Association will be hosts to the trio and money raised from the concert will benefit the hospital's volunteer group. Pepsi-Cola Bottling Co., of Methuen, is also a sponsor of the concert. Tickets may be purchased by calling the Lawrence General public relations office.

Singing in the group will be George Grove, Roger Gambill and Bob Shane, the only original member of the group. In 1957 Shane, Dave Guard and Nick Reynolds started singing in San Francisco coffee houses. Their hit "Tom Dooley" made them nationally famous the following year. Shane reorganized the trio in 1975 after performing on his own in the 1960's.

The Kingston Trio favors three-part harmony folk music these days but their show also includes country, calypso, [illegible] and bluegrass hits.

Churches Join For Easter Vigil Service

The Parish of Christ Church will be the setting for in Easter Vigil Service Saturday night. Clergy and members of the congreations of Faith Lutheran Church and Ballard Vale United Methodist Church will join the clergy and congregation of Christ Church for this ancient rite, which was revived in Episcopal liturgy in the past decade.

The church will be in total darkness when the service begins at 11 p m. Saturday night. A "new fire" is struck from a flint to light the Paschal Candle, a three-foot candle that is then burned throughout the Easter service and at Baptisms through the next year. As the Paschal Candle is processed to the front of the darkened church, members of the procession light small tapers that are held by each member of the congregation. At the end of the procession, the entire church is lighted by these small candles

The great Vigil of Easter includes the singing of the Exultet, a special hymn, which will be sung by the Rev. James Diamond, rector of Christ Church, who will act as deacon for the evening. Robert Kenney of Christ Church, Karin Kohl of Faith Lutheran Church, and a member of the Ballard Vale United Church will read the Old Testament prophecies. The Spiritsong Dancers, a liturgical dance group, will interpret a passage from Genesis. The Rev. Marjean Bailey, associate rector of Christ Church, will preside at the first Communion of Easter; the Rev. Dennis Kohl, pastor of Faith Lutheran Church, and the Rev. Gary Cornell, pastor of Ballard Vale United Methodist Church, will be con-celebrants for the communion.

The public is welcome to attend.

Good Friday Ecumencial Service At Free Church

Seven area clergymen will take part in a special Good Friday service at 12 noon tomorrow at the Free Christian Church 31 Elm St.

Featured in the one-hour ecumenical service will be a dramatic reading of the passion narrative from St. John. Five of the seven clergy members will take part in the reading. Rev. Jack Daniel, pastor of Free Christian Church, will be the narrator. Reading the part of Pilate will be Rev. William Mullen, associate at St. Robert Bellarmine Church Rev. Westy Egmont, pastor of South Church, and Rev. Graham Ward, senior minister at West Parish Church, will play the part of the crowd in the reading

Rev. Gary Cornell, pastor of Ballard Vale United Church, will deliver the message during the service. The litany and response will be lead by Rev Richard T. O'Leary, OSA, pastor of St. Augustine's Church

Now homeowners can get the credit they deserve.

If you're a homeowner you have a live-in line of credit. One that you may want to put to good use.
The BayBanks introduce REAL Credit—Real Estate Asset Line of Credit. Now qualified homeowners can obtain a line of credit, ranging from $7,500 to $100,000, secured by the equity in their owner-occupied house or condominium (FNMA approved).
Furthermore, because REAL Credit is a line of credit and not a conventional loan, it offers some unique benefits. First of all, it's flexible. REAL Credit lets you access your line of credit as you need funds for whatever purpose you choose. And you pay interest only on the funds you use, regardless of the amount of your approved credit line.
Moreover, REAL Credit features an attractive variable interest rate which is adjusted monthly to the BayBanks Prime Rate plus 1½%. For example, if the BayBanks Prime Rate is 11% at the start of the billing cycle, the corresponding REAL Credit Annual Percentage Rate would be 12½% throughout the billing cycle.
These features and others, including special REAL Credit checks for easy access, a monthly statement and attractive repayment terms, make REAL Credit a real opportunity.
If you'd like to learn more about REAL Credit, talk to one of our trained professionals at any of our more than 200 locations. To find out the REAL Credit rate just call the BayBanks Hotline at 1-800-342-8888. We'll be pleased to provide you with further information about REAL Credit—BayBanks' unique line of credit that's on the house.

Hidden Sodium

Would you believe that one packaged cinnamon bun with raisins has 805 mg. of sodium? That's about three times the amount the body needs to function properly. Most medical experts advise even healthy people to reduce their intake of sodium to about 5 grams daily; the average American now uses about 10 to 18 grams daily. The easiest way to cut back is to use less table salt which is about 40 percent sodium and 60 percent chloride. Still, about one-third of the sodium consumed is hidden.

Processed foods are higher in sodium than fresh produce.

Canned vegetables have more sodium than frozen.

Cakes made from scratch have less sodium than those made from mixes.

One large green olive has more sodium than two slices of cooked bacon.

One frozen fruit turnover had 25 more milligrams of sodium than ¼ cup of salted peanuts.

Five ounces of canned tomato soup has more sodium than two slices of bologna.

Shiny, healthy, carefree and looking wonderful describes the haircuts I design. A combination of your hair texture and facial features determines what new sleek, blunt line is right for you. I'll even take you a step further. If you are unhappy with your hair texture, I'll perm it thicker. If you are unhappy with your color, I'll light up your hair with a foiling.

Condition is important to us and we use the best possible products. A finished design should always "look shiny and feel healthy."

I am a creative designer, certainly not right for everyone. But if you want something a little funky or very sleek and new, I'm the haircutter for you.

Proposed Dascomb Road Office Building

$10M Office Building Planned

Construction of a $10 million office building, located off Dascomb and Frontage Roads, is scheduled to begin in June but the Boston-based developers have yet to find a tenant for the building

Located in an Industrial A zone, the site will be home for a 134,000 square foot, three level structure. Developers do not have to appear before any of the town's building boards for approvals on the site. They already have an outstanding order of conditions from the town's Conservation Commission dictating how any building that affects wetlands on the site is to be done

Although it is designed as a multi-tenant building the structure will most likely be home to one large company said Nancy Jeton, of Andover's office of Community Development and Planning

"They are trying to find one tenant to take the whole building," she explained. "Probably a high caliber research and development tenant." Meredith and Grew, Inc., is the leasing agent for the developers.

National Development Associates, Inc., of Boston, is building the office research building. The company is a subsidiary of the National Development Corporation and is working jointly on the Andover project with C.S.B. Realty Corp., a subsidiary of Consumers Savings Bank of Worcester

Designing the building, to be called Dascomb Research Park, will be architects from Huygens & DiMella Inc., of Boston. The building will feature an atrium lobby with an open stairwell connecting all three of the floors according to Jennifer Jack, of National Development Associates

Sasaki Associates, of Watertown, has been retained to do the outdoor landscaping at the site. They are planning to accommodate from 470 to 535 in the parking lot

Telephone Pioneers Assist In Vocational Skills Training

By Susan Rand

Hard At Work

Meg Johnston and Billy Flynn work on mathematics in their class at the Bancroft School. Mothers of both students are members of the Chapter 766 Parents Advisory Council.

Next fall students in the special education class at Andover High School will be able to learn a multitude of vocational skills at a new work area sponsored by a grant of funds, actual equipment and volunteer time worth over $38,000 from the Merrimack Valley Telephone Pioneers of America.

The grant is the result of a combined effort of Andover school teachers, local administators and parents involved in the Chapter 766 Parents Advisory Council. Alice Flynn and Karen Van Doren, who have children in Andover's special needs classes, began researching the vocational training available to their children in the Andover school system and found the resources wanting. As leaders of a Subcommittee of the Parent Advisory Council for Chapter 766 Flynn and Van Doren investigated model programs in nearby towns and decided that Andover was missing a component in their special education program. Their children needed an environment where they could explore and begin to learn skills they would need to live and work, explained Flynn.

The result was the sponsorship of their program, the total cost of which is estimated to be $38,657, by the Merrimack Valley Chapter 78 branch of the Telephone Pioneers of America, a charitable organization made up of AT & T and Bell Laboratories employees. The money will fund the creation of a work area at Andover High School that will include a kitchen and food preparation area, a laundry, a housekeeping and maintenance section, a clerical skills center and a health care section. There will also be an area where carpentry, plumbing, masonry and electrical skills will be taught. Over $26,000 will be spent to equip the Andover area, including the purchase of a van to transport teachers, counselors and students to training and on-the-job sites. Another $1[illegible],000-plus will see a manufacturing and assembly area installed at the Methuen High School where students will earn production-line techniques. Some of the materials at each site will be purchased with Pioneer funds. Other items, such as an electronic workbench at the Methuen site, will be built by the telecommunications workers. The group may also volunteer some time to help out in the classrooms, said Flynn.

It is even better that they are giving so much of themselves, explained Flynn. The sum of the whole award will be at least $38,000.

The students using both sites are not only from Andover. Retarded children from Andover, North Andover, Lawrence, Methuen and Haverhill will use the new equipment come September. The five cities and towns make up the Greater Lawrence Educational Collaborative, which was founded ten years ago to coordinate programs for special education students in the area. Be-

Firm Has Option On K. of C. Building

A Lynnfield development company has purchased a one-year option on the Knights of Columbus property on Frontage Road.

Last month the Knights were preparing to go to Town Meeting with an article to rezone the land from residential to Industrial A. Abutting neighbors threatened to speak against the rezoning, arguing that it wasn't in the best interests of the town. And K of C officials conceded they were frustrated with their rezoning tries, including a 1981 defeat at the hands of Town Meeting voters. They argued that except for a few homes in the area they were "an island" in a sea of industrial land. The 1984

Planners Will Adopt Guidelines For One-Lot Subdivisions

By Sue Aucella Deacon

Because one-lot subdivisions are starting to look like a good idea to many Andover property owners, the Planning Board is about to develop a new set of guidelines for considering such proposals.

The planners Tuesday night held a brief public hearing on one such proposal, Lougee Lane, a one-lot subdivision off the northerly side of Harold Parker Road.

Engineer Paul Ferrante of Dana F. Perkins Associates said John Lougee would like to subdivide his five-acre lot into two lots; one house already stands on the parcel, and a second house would be added.

Lougee's plans call for a 20-foot roadway to serve the new house. However, that roadway is what is known as a "paper street"; that is, it would never be built. Instead, a ten-foot driveway would provide access to the house, and that driveway would never be presented to the town for acceptance as a public street.

The new house lot would have well water and a septic system.

The planners did not act on the plan this week; they have an April 24 deadline for voting on the plan.

Staff planner Nancy Jeton told the board she has recently received a number of telephone calls from engineers sounding her out on subdividing large lots into two lots with paper streets.

The planners noted that there are probably a great many parcels in Andover large enough to subdivide [illegible] and many of them [illegible]

Chairman Margaret Bradshaw said it has been the board's policy in the past to deny one-lot subdivisions unless they meet all other subdivision rules and regulations and would benefit the town in some way.

Such subdivisions can pose problems by changing the character of a neighborhood and "setting precedents," she said. Jeton noted that she has "a lot of trouble finding any benefit to the town" in one-lot proposals.

The board asked Community Development and Planning Director Jonathan Gilmore to draft a new policy on one-lot

All Properties Listed

The property value listings in this supplement are provided by the Assessors Department and published as a service by the Andover Townsman with the assistance of many participants in this 96-page section.

Each listing contains, reading from left, the assessors map parcel number, unit number, property owner listing, location listing and total property value.

Andover Property Values Are Listed

Today's special **TOWNSMAN** supplement contains the listing of the 10,081 properties in the town of Andover

The figures published include adjustments made during the past year and new properties added to the rolls through new industrial and residential construction which continues at a record pace in the community

This is the third year since revaluation of the entire town. In the first year of the new valuations, Andover's assessors heard 1,152 appeals. In the years following, the number of appeals has dwindled to 130 a year ago and about 65 during the past year.

The assessors department is currently in the process of examining assessments, in order to keep all Andover property values in line with the 100 per cent fair market value as stipulated by statute.

Currently under study is the vacant land in the town. All properties will be examined, facilitated by computer records and assisted by the apparaisal firm of MMC Inc., of Tewksbury

Indicative of Andover's continuing industrial growth in areas specifically zoned for that purpose, is the increase this past year in the industrial classification from 15.12 per cent of the total of all parcels a year ago to 17.10 this year, with a total valuation of $175,546,600 on the 75 manufacturing parcels assessed, compared to 71 parcels at $149,374,700 last year.

There are 9,436 residential properties valued at $740,900,900 in this year's figures compred to 9,314 valued at $733,554,000 last year

There are 325 commercial properties assessed at $101,325,600 this year, about the same as a year ago. There are 245 properties designated as open space at $9,021,-600, down slightly from last year.

The town's total assessed value is now $1,026,794,700, up from the $987,902,700 of last year

Raytheon Manufacturing Co., West Andover, remains the town's top taxpayer, as it has in all but a single year since its entrance into the community. Raytheon pays $944,463.70 on its West Andover property valued at $46,071,400

The Gillette Co. in Lowell Junction which for many years was in second place, and one year in first, has dropped to fourth behind Digital Equipment Corp. and Hewlett-Packard, both in the West Andover Technology Park.

Designer Solarian®
...looks different
because it's
made different.
It's the only
no-wax floor
with the richness
of Inlaid Color.

Inlaid Color. It's Armstrong's special process that gives Designer Solarian its unique richness, an expensive crafted look that no ordinary print vinyl floor can match! Designs have unusual realism. Colors have a remarkable depth. And Designer Solarian features Armstrong's extra-durable Mirabond® surface that resists scuffs and scratches, so its shines without waxing far longer than vinyl no-wax floors. Se our exciting selection of colors and patterns today.

FOR HOME IMPROVEMENT... OR ANY REASON

We'll guarantee you a major line of credit at 1½% over prime

EQUITY CREDIT LINE

It's the only credit you'll ever need.

When you need money—for any reason—our new EQUITY CREDIT Line can be the fastest way to borrow at the lowest rate—just 1½% over our prime base rate! You can borrow large amounts, too—up to $50,000, depending on the equity in your home (what it's worth minus what you owe). And you *don't* have to have a Family Bank mortgage to qualify.

Write your own loans anytime you like

Apply just once. After that, you alone control how much and how often you borrow. Just write out an Equity Credit check for the amount you want. It's just as simple as that.

There's never been a better way to borrow for so many reasons.

What's *your* reason for having an EQUITY CREDIT Line? Here are just a few

Investment opportunities. Major purchases. Bill consolidation or emergencies. College expenses. How about home improvements, buying land or a second home, or funding an individual retirement account. Vacation or travel expenses. Taxes or credit card bills.

Whatever *your* reason, you'll find EQUITY CREDIT is *the* most affordable and sensible way to borrow money.

It's easy to determine the potential of your EQUITY CREDIT LINE

Use this simple formula.

The value of your home $

times 75% .75

minus the balance due on your existing mortgage

equals your potential EQUITY CREDIT LINE $

How to apply

Apply for your EQUITY CREDIT LINE now at any of our offices. If you prefer, call 374-1911 or 887-5140 or return the coupon for complete details and an application form.

EQUITY CREDIT LINE is here today...why pay more to borrow?

EQUITY EQUALS CASH

Your Home Is More Valuable Than You Know!

More than a place to live, your home can be your greatest financial asset, allowing you to borrow money to build an addition, buy a car, or send your children to college. The equity you've built up in your home makes it possible. It's easy to calculate: your current home value minus the balance on the present mortgage equals your equity.

And equity equals cash to accomplish the goals that are important to you. We have the funds available to help you get the most from your home. A qualified applicant can borrow up to the maximum amount with reasonable rates and convenient terms. Stop by or call one of our loan experts to discover how to put your home to work for you.

"YES"

We've said it before and we'll say it again!

We've got money for loans. Plenty of money for all kinds of loans. We've got so much money that our loan officers have big explaining to do if they turn you down. Their instructions are to say "Yes" and say it fast...

So, if you want a mortgage, a home equity loan, a home improvement loan or you've got another good reason, call our "Yes" men: Dave Goodwin or Bill House. If they give you what you ask for, they're doing their job.

HAVERHILL CO-OPERATIVE BANK

Loans above $2,500 require security. Equal Opportunity policy for all creditworthy borrowers.

AUTHENTICITY
Among many good reasons to choose
J.A. Calvert's

An example is this handsome Chippendale wing chair. Its frame is a precise copy of an antique now owned by Hickory Chair. It was made in 1764 by a member of the Townsend family, distinguished colonial cabinetmakers of Newport, Rhode Island. John Townsend took great care and pride in his superb craftsmanship. Hickory Chair takes the same care and pride in reproducing this specimen of his work for our James River Collection.

They're your teeth...you can keep them!

Many people lose their teeth needlessly. Too often, neglect or improper care of the mouth results in PERIODONTAL (gum) DISEASE. This disease affects the gums, bone and other supporting structure of the teeth.
If you notice any of the following signs, please call our office for advice and treatment.

1. Gums that bleed when you brush your teeth.
2. Persistent bad breath
3. Soft, swollen or tender gums.
4. Loose teeth.
5. Gums that have shrunk away from the teeth.
6. Any change in the way your partial denture fits.
7. Any change in the spaces between your teeth or in the way your teeth bite together.
8. Pain in the jaw or neck areas, headaches above your jaw. This can be T.M.J. Syndrome.

- *Visiting hours at our funeral home and Services in the church of your faith.*
- *No visiting hours until 1 or 2 hours prior to services in your church, also cremation services available.*

INVESTMENT QUIZ

- Are you looking for an investment to help reduce the amount of money you pay in income taxes?
- Are you in the 50% tax bracket or higher?

If you answered "yes" to both of the questions above, you should be aware of A.G. Edwards' informative booklet, "Tax Incentive Investments for the 80's." It's a fact-filled guide to the world of "tax shelters" which will explain how and why many high income investors like yourself use oil and gas drilling and real estate programs as an integral part of their investment portfolios.

If you've wondered about the risks and potential rewards of tax incentive investments, or if you've considered finding out what they could do for you, you owe it to yourself to obtain a copy of "Tax Incentive Investments for the 80's. Just complete and return the coupon below.

Still In Use

One of Andover's oldest industrial buildings, the Shawsheen Mills on Haverhill St., has had diversified usage over the years. Originally a part of the American Woolen Co. and around which Shawsheen Village was built, its original intent passed with the movement of the textile industry to the south in the 1950's. Raytheon Manufacturing Co., utilized the property for its missile systems division until moving to its new plant in West Andover in the late 1960's. It is now owned by Shetland Properties and houses several diversified companies.

What to look for when you look for a real estate broker.

If you're buying a home, you want services that will help you make the right decisions every step of the way. And if you're selling, you want a REALTOR® with a sound approach to selling real estate.

[illegible] to help you evaluate a REALTOR®.

1. How do you feel about the sales person? This is the person you'll be trusting with a substantial investment and a lot of time. Make sure the chemistry's right. If not, find someone else. You don't want to get halfway through only to start all over again.

2. How well do they assess a buyer's needs? A good REALTOR® will be able to help buyers focus in on the type of home that matches their needs. Anything less is a disservice to the buyer as well as the seller.

3. How well do they understand financing? If there's no money, there's no transaction. Ask them about their resources, who they work with and what types of financing they recommend.

4. Do they have a national referral service? A national referral service allows transferees to work with a REALTOR® 2,000 miles away. If you're relocating, it's a convenience. If you're selling, it increases your prospects.

5. Are they locally owned? Some people think a "national" real estate network like Realty World® can't offer the same kind of service as a "local" office. The truth is that most members of a national franchise are also individually owned and operated businesses.

6. Do they have a home protection plan? Home buyers should ask for guarantees on the heating and electrical systems, the plumbing, the water heater, the central air conditioning and major appliances. Sellers should offer it.

7. What about their training? You want somebody who does a lot of homework. Someone who keeps up with training seminars and research.

Why are we telling you all this? Because we feel that the closer you look, the more likely you'll choose Realty World.

We'll show you programs like RealFax — our comprehensive buyer profile. RealScope — our unique in-depth listing presentation. RealSafe — our exclusive home protection plan. RealLine — our international referral service. And much more.

We've helped more than a million people buy and sell homes. We can do it for you. Talk to Realty World. The Results People.™

Audi's German engineers created an automobile so advanced in design, there's some disagreement over exactly what to call it.

The new 5000S. Audi's redefinition of the wagon.

Slicing silently through the wind at triple-digit Autobahn speeds or challenging a winding mountain road, this newest Audi hardly fits the accepted definition of "wagon." But loaded with 16 suitcases, or a full-size love seat, it's pure wagon in every sense. So radically different in design that it defies conventional labels, the new Audi is the consummate blend of advanced aerodynamics, high performance, luxury and practicality.

The World's Most Aerodynamic Wagon. With an aerodynamic rating superior even to some exotic sports cars (Cd:0.35), the Audi sets new parameters for wagon performance as well as design. Acceleration is outstanding: 0 to 50 in 8.4 seconds. Even more remarkable, its handling, cornering and directional control in crosswinds are a virtual match for sports cars.

The Art Of Practical Design. Incorporated within its stunning lines is a carpeted cargo area over 6'6" in length. Additional space is concealed beneath the rear deck. To facilitate loading, the tailgate opens flush with the deck.

Simply stated, if you require added space but have rejected the stodgy image of conventional wagons, you'll find the new Audi 5000S wagon optimum.

All new Audis come with a 24-month unlimited mileage, limited warranty. See your Porsche Audi dealer for details and a test drive.

Project Needs Expediting

River Road improvements are in dire need of being moved from the planning level to the implementation stage.

For the past few years, Andover citizens in general and River Road residents in particular have been hearing about the need for traffic improvements due to the industrial growth in the West Andover area.

Funds were approved at a town meeting a year ago, mostly for study and planning for improvements to the roadway. To date that is as far as any improvements have gone, with the need for attention to the problems increasing daily.

At recent zoning board of appeals hearings, two major developments were proposed, a hotel and an office building. Andover's planning director, Jonathan Gilmore, reminded the zoning board that it was imperative that River Road improvements take place before any further development in that area.

The advisory is warranted, but should not be a governing factor in whether or not the proposed construction should be allowed.

There is little industrial land remaining in the West Andover Industrial park. Much of the area not already containing industrial buildings is owned by firms with intent to develop the property eventually.

A cursory examination of the area indicates that there is plenty of construction going on already, with Prudential constructing an office building, the telephone company recently having broken ground for a new building and high tech firms exercising their development options on other parcels.

All of this will add to an already overburdened roadway, built to accommodate traffic to Routes 93 and 495, but hardly anticipated to accommodate the industrial development which has taken place over the past decade.

Obviously, total development of the area is inevitable.

Andover planned well when it rezoned the area for industrial use many years ago. That planning continued with the appropriation of funds to provide utilities to the area, but not to be used until there was definite commitment toward industrial development.

That type of planning process has been most rewarding to the town.

Now it is apparent that the next step in the planning process must be expedited and road improvements begun. There is commitment from some developers to assist in the financing of the project. Application will be made for state funding to further underwrite the project.

The impetus is there. It seems, then, the town should move forward as quickly as possible toward providing relief not only for industrial traffic, but for the River Road residents who have patiently viewed their particular area of town move gradually away from its residential characteristics.

Down The Years With The Townsman

75 Years Ago — April 1909

President Taft is particularly pleased that the problem of choosing a "summer White House" has at last been solved. The new "summer capital" will be at Woodbury Point, Beverly, Mass., conveniently located near Manchester and Gloucester. The president is looking forward with pleasure to playing golf on the fine links at Hamilton.

The regular monthly meeting of the Andover Cricket club was held in Abbot Village Monday evening. The members present were very enthusiastic having just received from Wright & Ditson a complete cricket outfit. The prospects for the season are very bright, Andover having secured some of her old-time players who, for several seasons past have played so well for the Lawrence club.

A clever piece of work was that performed by the Wilson Building and Moving Company of Lawrence, at the Boston and Maine freight yards, this town, last Monday afternoon when they moved the Old Free church manse across the tracks. The job had to be done between trains, with barely an hour of time in which to do it. The building was purchased by Justin Clark of Maple avenue, and is now located on a lot of land owned by him on what is known as the Lowe estate, on North Main street.

50 Years Ago — April 1934

The new ruling announced yesterday by the state E.R.A. administrator Joseph P. Carney that job quotas hereafter will be apportioned to towns in proportion to their welfare lists as of October, 1933, will mean that Andover's allotment will be far below its present needs, since there were only 65 men on the welfare list in October whereas when the CWA started in November there were 234. Late in October there was a marked slackening in the activity of the Lawrence mills which had absorbed many of Andover's unemployed, with the result that the welfare rolls of the town increased rapidly.

Who said that Andover was a sober old New England town? It certainly couldn't have been Miss Marion LaMere of High street, whose research among various books and documents in the local library shows conclusively that Andover's new liquor establishments are not its first. In fact, back years and years ago, when William Abbott was buried the coffin cost 6 shillings and the liquor served at the funeral cost 13 shillings.

Work will begin soon on a new dormitory to be erected at Phillips academy by Perry, Shaw and Hepburn of Boston at a cost of approximately $130,000, it was announced Monday by Dr. Fuess. The building, to be called the Rockwell house, is the gift of Fannie R. Dennis in memory of her father, James S. Rockwell, an old Andover student.

25 Years Ago — April 1959

The selectmen may soon be faced with a petition from residents who want the town dump open Sundays. After considerable discussion Monday night, the door was left open to allow a public hearing on the subject if a petition is presented to the Board at some future time. Member James D. Wilson had first suggested that a hearing be held [illegible]. He described himself as being in sympathy with residents in the area of the dump, but believing that many more residents wish to have the place open Sunday afternoons.

An ambitious program for the year has been adopted by the municipal Industry and Development Commission which met last week. Listed on the program for the year are: Preparation of a brochure detailing the town's industrial policy and the advantages the community offers; procuring an aerial photograph of industrial sites and a list of them, and advertising or listing the town's available sites in national industrial journals.

A technical legal debate is being waged over the town's participation in the off-street parking program outlined by the Board of Trade. Revolving around the legality of spending town funds on private land, the question appears to be one of how to proceed, rather than whether the town will do anything at all. At least we hope this is the problem, for it is apparent to most people that the parking is needed badly. It would indeed be a hefty kick in the teeth to the merchants and the shoppers if the town now decided it couldn't do anything at all to help solve this continuing parking problem.

10 Years Ago — April 1974

Some 130 Andover teachers and other school personnel may have breathed a sigh of relief as their positions were secured for another year, en masse and with little ado by the School Committee last Wednesday night. For six, however, it wasn't so simple. Edward Regan, himself relieved of his assistant superintendent's position, voiced distress to the 500-odd teachers and parents who lingered in the bleachers of the high school auditorium that the other five had been publicly embarrassed by having their reappointments questioned without explanation.

Andover's 1974 annual town meeting could come to an end next Monday night when the session is convened for the third time. Moderator William Dalton reports this week that he is hopeful that the session can be concluded with the Monday night meeting which is scheduled to get underway at 7:30 p.m. in Memorial Auditorium. The past few years have required four and five nights.

Congressman Paul Cronin said this week that the Fifth Congressional District will be playing a key role in the bicentennial celebration which begins next year, because "It was here, in our district, that democracy's foothold was established in 1776, when the first shots for Independence were fired at Lexington and Concord."

Earth Moving, Drain Problems Examined In Subdivision Plan

Earth moving operations may be the major concern with a 15-lot cluster subdivision proposed for Jenkins Road near the North Andover line, Planning Board members indicated Tuesday night.

And neighboring residents told the planners they fear the proposed subdivision might exacerbate drainage problems in the wet area.

Rosnoe Construction Company of Burlington is seeking the board's approval of definitive subdivision plans for a cluster development on a 23-acre site off Jenkins Road, along with a special permit to cluster and a special permit for regrading the site.

Engineer Woody Cammett of Cammett and Kutensky Engineering, Amesbury, representing the developer, described plans for the cluster during a public hearing at the town offices on Bartlet Street Tuesday.

The developer plans to fill in an existing excavated area on the site that resembles a former gravel pit, Cammett said, while another "denuded" area once planned as a roadway (which was never built) would also be restored."

That would take about 9,000 cubic yards of earth material, the engineer said, all of it to be trucked into the site from the Andover Country Club subdivision, now under construction. No earth material would be removed from the site, and no wetlands would be filled, Cammett emphasized.

All areas to be excavated would be protected from soil erosion and siltation with both temporary and permanent measures, he said: hay bales for the short term, for instance, and shrubbery for long term erosion control. He added that the builders would "save as many trees as possible."

"You're talking about a lot of earth moving in this project," Chairman Margaret Bradshaw told the engineer. "That will be given close consideration."

The developer would like to begin construction "almost immediately" according to Cammett — and the chairman said the prospect of having the entire site excavated all summer long was not appealing. Past experience with the country club development has shown that when large areas are left open, exposed to wind and rain, "the neighbors suffer," Bradshaw said.

She would like the developer to consider excavating in stages, the chairman said; planner Russ Moran added that he would also like to see the developer post a bond for soil stabilization "to protect abutters." Cammett indicated that the developer would probably agree to both those conditions.

Cammett said the subdivision roadway, which includes two cul-de-sacs off a main access road, could be completed by the fall.

Nancy Brown of Salem Street said she was worried about how drainage from the subdivision's septic systems would effect area residents' wells, their source of water. Other residents said drainage from Jenkins Estates might add to the "nuisance" water in their already-wet backyards and basements.

But Cammett said the sandy soil on the proposed site is "excellent" for septic systems, and drainage from the development would have "little impact on the groundwater." Surrounding wetlands areas are "more than adequate to take the increased (drainage) flow," the engineer said.

The developer plans to deed two lots of open space to the town, totalling nearly 10 acres of the 23-acre site. One of the areas is wetlands, but 60 percent of the open space is uplands, Cammett said. Townspeople would have access to both areas via a 20-foot strip of land included in the open space, part of which abuts Andover Village Improvement Society (A.V.I.S.) conservation land.

The subdivision would be supplied with town water brought in from the Olympia Way subdivision, and the developer would replace 2,300 feet of water mains on Gray Road as part of the project, Cammett said. A fire hydrant would be added at the intersection of the subdivision roadway and Jenkins Road.

No action was taken on Jenkins Estates Tuesday night; the planners have a May 14 deadline for voting on the subdivision approval and special permits.

Planners, Merchants To Work On Parking

The Planning Board may have lost their town meeting bid to start taking control over downtown parking, but the issue is not dead, the planners said this week — and downtown merchants are ready to start discussing it with them.

Staff planner Nancy Jeton Tuesday night reported that the Andover Chamber of Commerce has named a three-member committee to work with town officials: Richard Chapell of Andover Photo, Frank Orlandella of Hewlett-Packard, and Stephen Stapinski of Merrimack Engineering Services.

The committee of three is ready to work with the planning board and other town officials, Jeton said, on "downtown issues," with parking foremost among them.

Chairman Margaret Bradshaw indicated that the planners would be happy to start working with the Chamber representatives.

Downtown parking is one piece of Andover's master plan, which the board hopes to finish revising in the months ahead.

Earlier this month, the planners proposed a zoning bylaw amendment that would have tightened up downtown parking requirements in an article that was defeated by town meeting (Article 44).

The board then withdrew Article 45, a related attempt to regulate downtown parking.

Gaining Florida Baseball Fame

By Rick Harrison

A former Andover resident, now living in Orlando, Fla., is making quite a name for himself on the high school baseball diamond in the Sunshine State.

Scott Zimmerman, son of Mr. and Mrs. Neil Zimmerman, was recently chosen the "Central Florida Athlete-of-the-Week' by the "Orlando Sentinel" newspaper. Zimmerman, elected for his exploits with the first-place Winter Garden West Orang High squad, was also named the school's "Athlete-of-the-Month."

The first honor carried with it a half-page feature article in the "Sentinel," reprinted below with the paper's permission, while the latter laurel earned Zimmerman a VIP dinner with school administrators and his name splashed across a billboard at a downtown Orlando restaurant.

In addition to a batting average hovering around the .400 mark in one of Florida's tougher high school leagues, Zimmerman is carrying a flashy A+ average in the classroom

Scott has attracted the interest of several college, junior college and professional baseball scouts, but has yet to decide what school he will attend in the fall.

Zimmerman is a graduate of the Andover Little League and Babe Ruth League systems, having been a standout (over .300 average and several pitching victories) for the Andover Gold Babe Ruth team during a stretch when that club had a 50-6 won-lost record and captured back-to-back Greater Lawrence League championships.

Scott also played both basketball and baseball in the Andover school system prior to his family's move to Florida almost two years ago.

Following is a reprint of the article, written by correspondent Marty Fisher, that appeared in "The Orlando Sentinel" on March 28

"Scott Zimmerman was just getting comfortable with being unknown when opposing teams started to notice him

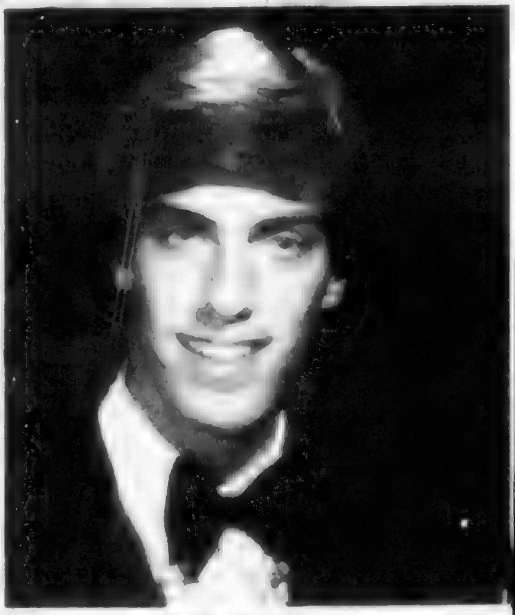
"Being the new kid in the school yard definitely had its advantages for the Winter Garden West Orange senior rightfielder. Early in the baseball season, opposing Metro Conference teams didn't know how to pitch to him which allowed Zimmerman a chance to show his stuff

"In one early Metro game against Orlando Colonial, the Grenadiers intentionally walked catcher Mike Robinson, the West Orange cleanup hitter, to pitch to Zimmerman with the winning run on third in the bottom of the seventh inning

"Zimmerman confidently went to the plate and lashed a curveball into centerfield to deliver the winning run for the Warriors and his anonymity quickly began to fade

"Zimmerman moved to the West Orange district last year, coming from Andover, Mass., where he played both baseball and basketball. When he got to West Orange, he was shocked to find out that he couldn't participate in both sports because of overlapping seasons here

"It came as a shock that I couldn't play both sports,' Zimmerman said. "There was no doubt that if I had to make a choice that it would be baseball. That's my first love, but I was super disappointed that I couldn't play basketball."



Scott Zimmerman

"The disappointment didn't last long, as he broke into the Warriors' junior varsity lineup last year and was moved up to the varsity by coach Gary Guthrie for the second half of the season

"This year Zimmerman has been one of the consistent forces in West Orange's move to the top of the Metro conference. The team is 12-6 overall and 8-2 in the Metro, the only conference losses coming at the hands of Orlando Boone.

"As of Monday, Zimmerman was batting .386 and had committed only one error.

"Last week against conference foes Evans and Edgewater and non-conference Clermont, Zimmerman was 4-for-6 with a homerun and four runs batted in. He has been elected as the "Orange Sentinel" player-of-the-week

"Scott has come a long way this year," Guthrie said. "He's not a power hitter (two homers), but makes good contact with runners on base. He'll either score a run or put runners in scoring position. For a big guy (6'1", 175 lbs.) he runs well and covers a lot of ground in the outfield. He's got one of the strongest arms on the team."

"Zimmerman's consistency doesn't stop on the field. In the classroom, he works hard, maintaining a near-perfect (3.9 point) grade average on a 4.0 scale in some of the more demanding courses offered at the school

(Continued on Page 39)

"Man longs to live in comfort and pleasure, but nature, who knows better what he was made for, gives him toil and painful strife so that he may raise himself above the sphere of his sorrows.

Indoor Booters Capture North Shore Title

By She Livermore

Andover's entry in the North Shore Indoor Soccer League captured the coveted winner's trophy last weekend when they shutout the Internationals 3-0. This is the fourth year that a team representing Andover has participated in the North Shore League and the first time they have won the title

In the quarter final round played April 8, Andover faced Revere and beat them 3-1. Five minutes into the contest, David Keene put Andover in the lead when he scored on the rebound of a shot taken by Zack Apgar which the goalkeeper rejected. Keene upped Andover's lead when he scored on a corner pass from Paul Hevehan. The half ended with Andover leading 2-0. Revere applied intense pressure in the second half and ultimately succeeded in narrowing the lead 2-1. They continued the pressure, but the defense held firm and goalkeeper Brian Sheehy rejected their many excellent attempts for the equalizer. With minutes left in the game, Hevehan scored on a great pass from Apgar to give Andover the 3-1 victory. Revere's goalkeeper turned back 18 shots and Sheehy rejected 20.

Last weekend Andover had to get by a strong contingent from Wakefield, the first-place team in the league standing, to continue to the finals. They succeeded, coming back in the last ten minutes of an extremely intense game 2-1. The action was fast and furious throughout and Wakefield held a 1-0 lead until ten minutes remained in the game when Keene scored the equalizer, receiving a fine pass from Scott Wilkins who in turn had received the ball from Apgar. Both teams pressed and the numerous spectators, many of them from Andover High who had journied to Saugus to support their fellow students, became very quiet, caught up in the intensity exhibitied by all of the players. With two minutes to go and the prospect of overtime action in everyone's thoughts, Hevehan made a spectacular shot on net having received a perfect pass from Apgar,and the finals became a reality.

The Internationals, a group of All Stars selected from the North Shore area, had overcome Chelmsford 5-3 in overtime action, to reach the finals and their All Star status was obvious. They made it very difficult for Andover to get the ball into the goal area, but Andover persisted and finally made it 1-0 when Keene scored on a pass from Hevehan. Apgar made 2-0 when he scored on one of his famous breakaways. The score remained unchanged in the second half, despite many attempts by the Internationals to deny the shutout, until the closing minutes when Hevehan scored on another excellent pass from Apgar to give Andover a 3-0 victory and championship status

The presentation of the winner's tropy culminated a very successful season for Andover which began December 17. Members of the championship team, coached by James DiClemente were Zack Apgar, Nick Bates, Hai Dang, Chris DiClemente, John Drake, Paul Hevehan, David Keene, Glenn Livermore, Gage Perry, Brian Sheehy, Peter Surrette, Barry Tucker and Scott Wilkins. Rodney and Lisa DiClemente were team managers

Zimmerman

(Continued from Page 38)

"My grades must come before sports," Zimmerman aid. "My grades are going to get me through college before sports will, but I still love playing baseball

"Coming down here has been a big learning process," added Zimmerman. "I was like a kid catching up to the level of play. The intensity level is so much greater than up North. I've improved more than 50 percent and gotten up to a good level and now I want to keep it that way."

Instead of sitting out the long winter waiting for the baseball season to arrive up North, Zimmerman says the chance of playing nine months of baseball instead of four is one of the things that has helped him the most

When told of the player-of-the-week selection, Zimmerman was stunned. "That's great," he said, searching for something to say. "I didn't think anyone knew about me."

Zimmerman went 2-for-2 with a homerun against Oak Ridge High, was 2-for-3 in a 5-2 victory over Clermont and delivered a game-winning RBI single in a 4-2 triumph over Oak Ridge

Zimmerman's other homer was a two-run shot in an 11-3 romp over Orlando Evans in mid-March

Scott is the only baseball player to be named Central Florida Athlete-of-the-Week thus far this spring, the others chosen competing in either track or swimming

Babe Ruth Tryouts Set

The Andover Blue and Gold Babe Ruth baseball teams will hold a second round of spring tryouts this Saturday, April 21, from 1 p.m. to 5 p.m. at the Doherty Junior High field

All Andover youngsters ages 13 to 15 are eligible to participate, provided they will not reach their 16th birthday prior to August 1, 1984

All 13-year-old candidates are asked to report to the field at 1 p.m while all 14 and 15-year old candidates should be at the field at 3 p.m

Both the Blue and Gold teams carry 15 players and all 30 positions on the two squads are open.

There are definite openings available in the 14 and 15-year-old brackets on both teams, because several players who would have been returning have moved out of town since the 1983 season

Last weekend one set of tryouts was held on Saturday while a second set on Sunday was postponed because of rain

There were 46 candidates who registered and tried out last weekend, but there is still a need for more players, especially in the 14-year-old group.

Following is a list of thos players who have registered

13's: Brendan McGrail, Jim Hendry, John Russell, Steve Howes, Pat Breen, Chris McAnally, Craig Knight, Kevin Foley, John Lahiff, Jeff Moore, Eric Guzowski, Mark Russell, Phil Romano, Andy Weiner, Rob Stoltz, Glen Farnham, Andy Shea, Matt Pothier, Kyle Murphy, Paul Salafia, Joe Lyons

14's: Chris Concemi, Mike Lane, Tom Tormey, Steve Surette, Glenn Allard, Bill O'Brien, Mark Tucker, Scott Wallace, Dave Vickers

15's: Jeff Smith, Earl Abdoo, Larry Aiello, Matt Shine, Mike DiMeo, Dave Curtis, Dave Sullivan, Jeff McNeil, Peter Barry, Cam Deery, Ken Bellino, Scott Powers, Kurt Burzlaff, Chris Colsia, Rick Lafond

The two teams compete in the Greater Lawrence League against teams from North Andover and Lawrence. Efforts are also being made to attract one or two teams from Chelmsford this summer.

The regular season schedule runs from early June until late July with playoffs carrying into early August

The Blue and Gold teams have also combined to participate in several tournaments in recent years, and that will be a strong possibility again this summer

A high percentage of Andover High school players are Babe Ruth graduates

The Gold team has won the league championship two of the last three years and the playoff title three of the last five seasons, at one stretch putting together a 50-6 record and winning closae to 100 games over a three-year period.

With the exception of one year, the Blue team has also been strong since Andover split into two squads five years ago. Last summer the Blue battled to the final round of the playoffs

There is also a possibility again this summer that one or both teams will travel to either Montreal or Toronto for a series of games, although no definite plans have been finalized

Dick Allard, Howie Smith and Tom Tormey will coach the Blue team this summer, while Rick Harrison and Dan Grams will handie the Gold squad

Northeastern Hoop Camp

Jim Calhoun, head coach of ECAC North Atlantic champion Northeastern University and the 1984 UPI and Kodak New England Coach of the Year, announced he will hold the third annual Husky summer basketball camp July 30-Aug. 3 and Aug. 6-10.

The camp will be held at Northeastern's complete athletic complex, the largest in New England.

NBA draft choices Mark Halsel and Perry Moss (Boston Celtics), former NU all-time scorers, will be two of the guests. Last summer former Celtic great Kevin Stacom, Ronny Perry of Holy Cross and Rick Weitzman, a member of the 1968 Boston Celtic NBA championship team, were among the lecturers

It was cold. It was raining. It was a flat course. But 200 runners took up the challenge and competed in the first annual Fast Women 5 Plus 2 Road Race April 8 at Northmeadow, Tewksbury. With the temperatures in the 30s and the off-and-on rain, runners made their way along the 5 and the 2 mile courses, led by the Tewksbury police department and cheered by the people at the mile markers and turns. First place and overall winner Kevin Retelle of Andover blazed through the rain two minutes ahead of the runners with a time of 27:03

Andover 9 - Newburyport 0

Goalie Brian Novelline led Andover to its Danvers League semifinal win over Newburyport, recording his ninth shutout of the year. Andover put it away early, scoring four first-period goals. Jonathan Shine and Peter Arthur set the defensive tone, repeatedly disrupting Newburyport's offense and clearing attempts.

Andover completely dominated the game. Eight different players picked up offensive points with goals or assists. Scorers were Sean Darwin (2 goals, 1 assist), Brian Lane (2 goals), Michael DiStefano (2 goals, 2 assists), John Melillo (1 goal, 3 assists), Colin Nix (1 goal, 2 assists), Todd Allard (1 assist) and Kevin Smith (1 assist). The victory was Andover's fifth of the year over Newburyport

Andover 5 - Wakefield 3

Andover had beaten Wakefield in each of the team's four meetings this year. Two of these games were close and the Danvers championship game fell into that category. Although Andover built a 4-0 lead by the midpoint of the second period, Wakefield came on strong and made a game of it. Andover's

Will Compete In Nationals

Eight members of the Andover North Andover YMCA swim team have qualified to swim in the YMCA National Swimming and Diving Championships in Fort Lauderdale, Fla., April 25-28.

With national qualification the ultimate goal for the 12 and over swimmers, the team began working in late September with practices six days a week. With the start of the dual meet season in early December, Saturday practices were dropped but morning workouts began for selected older swimmers. Four mornings a week from 5:30 a.m. to 7 a.m. and every evening from 5:30 p.m. to 7 p.m., these athletes put in many thousands of yards of swimming during workouts.

Each of the eight national qualifiers placed no lower than third in the Eastern Mass. District Championships in Brockton in February. They are:

Eric Bebchick, a junior at Lynnfield High School, was second in the 200 yard I.M. and third in the 100 yard breaststroke at districts. He will swim the breaststroke leg on the 400 yard medley and will participate in the 200 yard freestyle relay at nationals.

David Flanders, an eighth grader at Andover's Doherty Junior High, won the 50 yard freestyle at districts and was fourth in the 100 yard butterfly. He will compete in the 100 and 200 yard backstroke events and swim freestyle on both relays.

Michele Fox is a ninth grade student at Doherty and competed with the undefeated Andover High swim team this year. She was second at districts in the 200 yard I.M. and fourth in the 100 yard freestyle. She will swim on the women's 200 and 400 [illegible] events.

Greg Morava is an Andover High School junior who won the 100 yard backstroke at districts and was fourth in the 200 yard freestyle. He will compete in the 100 and 200 yard backstroke events, swim the backstroke leg on the medley relay and handle a leg on the freestyle relay.

Mike Faraci upped their lead when he scored on a long shot from the left side and, within a short time, Miles increased it to 3-0. The Chargers pressed the attack and kept the ball in the Sharks' end, making repeated attempts to score with little success due to the outstanding goaltending of Chris Foltz Eventually, Damien Percival put them on the board on a pass from Ricki Banzi and Ted Andry's perfect shot made it 3-2. superiority came through and gave the team the victory and championship

Andover's first four scores came from Sean Darwin (Michael DiStefano and Kevin Smith), Darwin again (unassisted shorthanded breakaway), Brian Lane (Peter Arthur) and Darwin once again, after a great left wing rush by Chris Pothier off Peter Arthur's feed. The fifth goal and clincher came after Wakefield had scored to close the score 4-2 early in the third period. Jonathan Shine's hard shot from the right point was deflected by DiStefano The Wakefield goaltender made a great save, but Kevin Lane pounced on the rebound and snapped it in for a 5-2 Andover lead. Wakefield pulled its goalie for the extra skater over the final three minutes but could score only once thanks to great netminding by Brian Novelline and solid backchecking by Colin Nix. Excellent play in front by Todd Allard also made things easier. Brian Novelline came up with the tough saves when he had to and Andover skated off with a well deserved championship

cause it is so costly for each town to sponsor programs for what some years is a handful of students the five communities pool their resources, through the Collaborative, which is headquartered on High Street. The school systems share classroom space and teachers

Ten years ago Massachusetts passed the Chapter 766 law which mandates that public education must be made available to retarded children through their 22nd birthday. And Pamela Kvilekval has worked with Chapter 766 as Andover's special education program administrator for the last decade of her 14 years with the school system. She praised the efforts of Flynn and Van Doren as well as Vicki Johnston, Pat Pakos, Carol Clement and Peggy and Bob Lange, who are all members of the Chapter 766 group.

Kvilekval, Flynn, Johnston and other special education administrators braved the March blizzard last month to travel to the AT & T Pioneers office, at what used to be called Western Electric, in North Andover, to present their case for the grant which they were awarded. The group, including four of the students from the Andover school system, explained their need for the work stations and equiptment to the Pioneer members using a slide show, watercolor renderings of how the area will look, and an explaination of the goals of the prevocational training. Kvilekval can't say enough about the Parent's Advisory group and their efforts on behalf of their children's education

"Unlike a lot of other parents groups that come to school committee meetings and shout," explained Kvilekval, "this has been a quiet group that has acted very professionally. There is a lot of unpaid, unrewarded work done by these people. It's a very nice feeling to know that these people are out there because Andover is a demanding community. They want Cadillacs but at Ford prices."

The two new work areas will prepare the children for the more focused training they receive as part of the Collaborative's Transitional Employment Program. Flynn explained that the Andover and Methuen sites will provide the students with an opportunity to find out what their strengths and weaknesses are in various service occupations. At present some of the Andover students help with town's school administration with various paper-work functions. Kvilekval said they youngsters have been nicknamed the "paper tigers."

The retarded students, who have a variety of mental, physical and emotional handicaps have found jobs in such local business as Thompson's, the Academy Nursing Home, McDonald's, T.J Maxx, the Holiday Inn, Friendly's and as custodians, stockroom clerks and grocery baggers in other companies. Kvilekval said they are always looking for new placements for their students through the Collaborative

This isn't the first time the Pioneers have donated money and time to the area's mentally retarded children. They also are sponsors of local special olympic games and they have made equiptment for the special adaptive gymnasium programs in the Andover schools.

"Without the Pioneers this opportunity would not have happened for our children," concluded Alice Flynn.

Andover Flames 0 - Lynn Stallions 1

Playing shorthanded, Andover worked very hard throughout the contest to score the elusive goal, without success. In the second half Lynn pressed and made many attempts to score, all denied by Cheryl Crawford who guarded her net with class. In the closing minutes of play Lynn took advantage of the wary Flames and sneaked one past the defense to win the victory. BOW: Windy Carothers, Karen Sopp and Kelly Johnson

Andover Stompers 4 - Merrimac 2

Merrimac scored early in the game. Kurt Oliver then tallied for Andover to make it a 1-1 tie at the halfway mark. The Stompers pressed in the second half and took the lead when Paul Hevehan assalted the net. Oliver made it 3-1 with his second goal of the game, on a pass from Mark Shapiro. Merrimac responded with one more to narrow the Stompers' lead. With time running out, Rick Bucher closed out the scoring on a long throw-in by Nick Bates to give Andover a 4-2 victory. Dental Sealants

The Massachusetts Department of Public Health's Division of Dental Health, in cooperation with the Massachusetts Health Research Institute, Inc., has instituted a new program to promote the use of dental sealants among schol-age children in Massachusetts. The three-year program is being financed through a grant from the U.S. Department of Health and Human Services' Office of Maternal and Child Health Services.

Dental sealants are plastic coatings which are applied to the rough chewing surfaces of back teeth to seal and protect the uneven pits and fissures from tooth decay.

The teeth most likely to benefit from sealants are the first and second molars just after they have erupted and before they have had a chance to decay

Sealant application is safe and painless. No drilling is required.

Sealants can last for as long as five years.

For more information, contact the Division of Dental Health, 9th floor, 150 Tremont St., Boston 02111.

Planners

subdivisions for their consideration at a future meeting

The board also discussed plans for two other subdivisions this week. SRE Realty Trust has submitted preliminary plans for a 21-lot cluster off South Main Street near the North Reading line, behind the Colonial Drive apartment complex.

Engineer Stephen Stapinski of Merrimack Engineering Services, Inc., Andover, explained that plans originally called for 2[illegible] lots on the 34-acre site. The revised plan for 21 lots would bring the subdivision roadway further away from a large wetlands area and reduce the amount of roadway to be constructed by about 100 feet.

The site would be served with town water and septic systems, the engineer said.

The project would require cutting about 3,000 cubic yards of earth material and filling the roadway area with 6,000 yards of materials, for a total of 9,000 yards to be moved around within the site. Stapinski said no material would be taken off the site and none would be brought onto the site.

He added that the developer hopes to negotiate an arrangement with the Colangelo family, which runs the Colonial Drive apartments, to connect the apartment complex driveways into the subdivision roadway. The driveways would no longer exit onto South Main Street, but onto the new roadway, he explained.

Stapinski also presented revised preliminary plans for a three-lot subdivision called The Brownwoods, proposed by Jim DeCaro [illegible] of Deca Corp. in Tewksbury. The developer would like to build the new lots on a four-acre site west of Brown Street, near the Tewksbury line. There is one existing house on the [illegible]

In response to the planners' concerns about the subdivision roadway proposed in earlier plans, Stapinski said he had eliminated the roadway, and instead proposed building two paper streets (driveways) to serve the new house lots.

The planners indicated that they are concerned about the potential for aggravating existing drainage problems in the area, for Tewksbury residents as well as Andover [illegible]

The board said they would like Andover's [illegible] to [illegible] the Brownwoods plans [illegible] engineer, and expect [illegible] at a future public [illegible]

Two Buildings Coming Down; Another To Be Expanded

By Sue Aucella Deacon

Two old town buildings that were given a reprieve last year have come to the end of the line: By unanimous vote of the selectmen, one will be demolished, and the other will be sold for a nominal sum.

At the same time, the board agreed to begin expanding another town building, and to accept the gift of a former boathouse from Phillips Academy.

The selectmen last week unanimously agreed to follow the town manager's recommendation to raze the former West Andover Community Center building on River Road. The small wooden building was once the North School, and until recently housed C.L.A.S.S.

Town Manager Kenneth Mahony last year recommended that the selectmen authorize the demolition of the community center because it had deteriorated to an uninhabitable condition. The selectmen opted to delay taking action.

Last Monday night, Mahony said that according to a Fire Department report, the building should be brought up to safety code standards or razed. The selectmen agreed to have the building dismantled, and asked that materials from the building be saved if possible.

Across town on Iceland Road, off Lowell Street, a tiny building once used as a town garage will be sold to a neighbor who will move it onto his property, with the selectmen's approval.

Earl Efinger of Iceland Road will buy the garage for less than $100, Mahony said, and move it off town property at no expense to the town. (Andover will keep the land, he emphasized.)

Selectman Gerald Silverman noted that last year, he wanted to delay selling the building because it provided some storage for town playground and public works equipment.

But plans to expand a town building on Balmoral Street for use as a Municipal Maintenance storage center — also unanimously approved by the selectmen last week — will take care of that problem, Silverman said.

Funds for the Balmoral Street project were included in the Municipal Maintenance budget approved by town meeting earlier this month, the manager said, adding that the building will be brought up to code compliance.

The addition will make use of materials salvaged from the old theatre building on Essex Street, which will soon be torn down to make way for the new Memorial Hall Library addition.

The interior of the theatre building has been gutted, Mahony said, and among the materials that will be recycled are beams, pipes, doors and fixtures. The air conditioning system will be transplanted to the public safety center.

(Remembering the Essex Street building in its younger days as a movie house, Selectman Norma Gammon said with some nostalgia, "Save me a brick.")

The selectmen also agreed to accept an old boathouse on town-owned conservation land on the Merrimack River, off River Road, as a gift of Phillips Academy, which has replaced it with a new boathouse.

Mahony said the town will not use the structure, but will seal it up until an arrangement can be settled with former selectman Alan French of Moor and Mountain on Bartlet Street.

The manager hopes to lease the boathouse to French, who would like to renovate it at no cost to the town for use as a boating center, leasing out boats and canoes.

If that plan falls through, the town will eventually tear down the boathouse, Mahony said.

Sewer, Water Fee Hike Aimed At Increasing Conservation

Andover sewer and water fees may be about to go up, if the selectmen follow a recommendation from the town manager — the first step toward making the town's water and sewer service almost self-sustaining by fiscal 1988.

Town Manager Kenneth Mahony last week proposed a 15 percent increase in water and sewer fees. That would bring water charges up from a current 83 cents to 95 cents per 100 cubic feet, and sewer charges, from a current 56 cents up to 65 cents.

The Board of Selectmen did not act on that recommendation last Monday night, but during a brief discussion Selectman William Dalton said he saw no reason why water and sewer services should not be self-sustaining, "whatever it takes."

Selectman Gerald Silverman said he would like to see water rates kept as low as possible. Chairman Donn Byrne added that the town should "encourage" water conservation, and the manager noted that "as rates go up, conservation goes up."

Water rates were last increased in January 1979, according to the manager, while sewer rates were increased in January [illegible]. The [illegible] budget approved by town meeting includes the [illegible] percent increase in the water rates, he said.

[illegible] with the proposed increases, Andover's water and sewer rates would not exceed the rates in many neighboring communities, the manager said.

According to Mahony's figures, water rates in Lawrence and North Andover are 65 cents, and 85 cents in Haverhill, but $1.04 in Wilmington, $1.62 in North Reading, and $1.40 in Methuen.

Sewer rates are 45 cents in Methuen and 55 cents in Lawrence, Mahony said, but 65 cents in North Andover, 75 cents in Wilmington, [illegible] cents in Salem, N.H., and 87 cents in Haverhill.

Mahony said he would like to see the Public Works department [illegible] toward [illegible] that would make the water and sewer [illegible] almost completely self-sustaining by [illegible].

The manager proposed a flat rate increase of 15 percent, but [illegible] said he would like to review an escalating step [illegible] with higher rates charged for [illegible].

The [illegible] that they will discuss setting new water and sewer [illegible].

Routine Requests Are Heard

The Board of Appeals have visited the sites of three routine variance requests and will announce decisions on the variance requests at their next meeting on Thursday, May [illegible] at 7:30 p.m. in the Memorial Hall Library meeting room.

At hearings held April [illegible] [illegible] the board heard from Michael R. Ditroia, 6 Marion Ave., who told the board he hopes to add a roof and screening to a deck attached to his home. Ditroia needs board approval because the deck is only 7.3 feet from the property side lot line and town zoning laws specify there must be at least 15 feet from the side of the deck to the lot line. The previous owners of the home were granted a variance to allow the deck to stay closer to the lot line than allowable, Ditroia told the board.

Ditroia told the board that he is unable to use the deck now because of mosquitoes. There was no opposition to Ditroia's request.

There was also no opposition to Anne E. Kilduff's request to allow her garage to stand one-and-a-half feet from her property line at 157 Andover St. North Andover Atty. Ralph Joyce told the board it would be a "substantial hardship" to make Kilduff move the garage five fet from the lot line, as specified in the town by-law.

And the board heard a request from Andover Atty. Carl Berger representing the estate of Rita [illegible] Armstrong. Berger told the board he needs a variance to allow the Armstrong home to remain a two-family home. According to town records the home has been a two-family home since at least [illegible]66, Berger told the board.

Because the 173 North Main St. building is in a Single Residence A district, the board must award a variance to allow it to be used for more than one family. Berger said he came across the violation when he had a plot plan drawn. The home is [illegible] Armstrong's sister, Margaret Sheehan, and [illegible] the sale "may fall through" if the [illegible] not granted. The attorney told the board [illegible] of the neighboring homes are multi-family [illegible].

Watershed Council Sets Hearing

The Merrimack River Watershed Council will hold a public meeting for officials, planners, [illegible] residents, landowners and others on April [illegible] at the [illegible] [illegible] [illegible] [illegible] [illegible] Haverhill, Methuen, Lawrence, North Andover, [illegible] [illegible] phase IV of the Merrimack River [illegible] under a contract with the Mass. Department of Public Works.

Just For You — The Personal Gift Shop

Just For You, 36 Main St., Andover has come a long way in the five years since owner Paula Tekowicz opened it. And while merchandise may have changed from season to season, the way Paula does business hasn't changed.

Paula and Susan Bomba, who's there when Paula isn't, pride themselves in offering friendly, personalized attention to all their customers as well as free gift wrapping.

In the tradition of providing service, Just For You is now a ticket outlet for the Collins Center in Andover. Paula works with the staff of the Collins Center on a part-time basis to help bring such performers as Judy Collins to Andover.

Of course there's plenty more at Just for You which is filled with terrific ideas for Easter, Passover, Mother's Day, graduation and more. Give a gift for Easter — it's longer lasting than the traditional flowers and candies. Use a personalized roll bag as a unique Easter basket then use your imagination to fill it with wonderful things from Just For You and top it off with a jelly bean card. There's also an expanded selection of seasonal cards for Easter, Passover, Mother's Day, etc.

Why not send some good luck to someone special with an "Easter [illegible]" which is a bright colored stuffed witch full of character and complete with broom.

For Mother's Day, graduations or special gifts, Just For You has something for everyone. Annalee dolls are always popular and [illegible] year round. Mugs are great gifts and there's an extensive selection. A musical note mug, mugs for sisters, dads, even a morning after mug decorated with pink elephants and complete with double handles for when you have to hold your coffee with two hands.

There's a complete line of Andover items—plates, dishes, mugs, trivets, etc—as souvenirs or gifts. Personalized [illegible] mirrors are a colorful addition to anyone's room. And of course helium balloons that can be personalized are a fun way to say "I care" or whatever.

For spring entertaining there's impressive glassware, a watermelon bowl for fruit salad, serving dishes and other charming items.

No matter who's on your gift list this spring, stop by Just For You. There's something unique for everyone. Open Tues.-Sat. [illegible] Tel. [illegible]

For Those Of Us Who Are Older

By Janet D. Lake

This week the Friday Bingo will be held this afternoon, Thursday, at the usual time—just a day early. Although the senior center will be open all day Friday, there will be no Bingo that day.

There is still time for you to get tickets for the Boston Skating Club's annual "Ice Chips Show," on Sunday, April 29, at the Walter Brown arena. Cost is $11 which covers admission and round-trip transportation. Buses leave Andover at 1:30 p.m. and return about 5:30 p.m. It should be a lot of fun watching all the terrific skaters, including some you saw on TV in the winter Olympics.

There will be a hearing clinic at the senior center from 2 p.m. to 4 p.m. on May 1. You will need to call the center for an appointment, but if you've been asking "What did you say?" or "Speak Up! Why do you have to mumble all the time?" you should seriously consider taking advantage of this opportunity to evaluate your hearing.

May 8 is another special luncheon day at the senior center. "Luncheon is Served" will not only include good food, but recipes and free coupons as well as entertainment—and all for $4. Tickets are on sale now. The number is limited, so why not get your tickets now so you won't be disappointed.

Remember to pick up your cheese April 24 from 12 noon to 4 p.m. Of course, if you have not registered previously, you are not eligible, but for those who have, this is a reminder.

The first Tuesday of every month Diane Haynes, an aide to Sen. Pat McGovern will be at the senior center from 2:30 p.m. to 4 p.m. to answer questions and serve your needs in any way possible.

The next mini-clinic will be held at Frye Circle on Tuesday, April 24, fom 2 p.m. to 4 p.m. Appointments may be made by calling the Andover Board of Health.

If they gave rewards for finding fault, some people would get rich quick.

Wins Award

The Lawrence General Hospital exhibit, on display at the recent New England Hospital Assembly in Boston, was judged the winner of the coveted first place Gold Ribon award. The exhibit, which focused upon the hospital staff's "disaster plan response" last August, was designed and constructed by a creative team led by Peter Cole of North Andover, communications, Joan Girard, R.N., of Salem, N.H., nursing, and William Meins of Merrimac, engineering.

Thomas Ford Hennessey of North Andover, president of Lawrence General Hospital, in expressing his appreciation and congratulations to the many who shared in the construction and presentation of the exhibit, also took the opportunity to remember the incident and how the hospital's entire staff came together to care for the accident victims.

The scale model exhibit carefully depicted the accident scene itself, the route the emergency vehicles took to the hospital and the movement of patients through the emergency department. Photographs and video tape of the television news coverage portrayed the magnitude of the incident.

In addition to the certificate, a check for $750 was presented to the hospital as an added recognition of the Gold Ribbon award.

Exercise

The Department of Community Services will offer a spring exercise class "Hustle Your Muscles," starting April 24. The class begins with slow warm-up exercises then a variety of aerobic exercises, with gradual relaxation moves to "cool down" and complete the cycle. Bodywise will teach the class for eight weeks on Tuesdays from 7 p.m. to 8:30 p.m. at the senior center. To register, contact the DCS office in the Town Offices on Bartlet Street.

Promoted

John T. Sobel, son of Mr. and Mrs. Joseph S. Sobel, 1689 Great Pond Road, North Andover has been promoted in the U.S. Air Force to the rank of airman first class.

Sobel is a small arms specialist at Grand Forks Air Force Base, N.D. with the 321st Combat Support Group.

Local Bus Service May Be Increased

The Merrimack Valley Regional Transit authority is hoping to increase local bus service in Andover. Members of the group's advisory board explained their plans to Andover residents at two public hearings on Thursday, April 5, in the selectman's conference room, in the municipal building. But it is not known whether any decisions were made to alter the bus service in town because MVRTA Director Joe Costanza was on vacation this week and could not be reached for comment.

The MVTRA hopes to expand service to Lawrence and North Andover by adding more afternoon bus time. At present two buses make continuous trips from Andover and North Andover to Lawrence. One bus runs from 5:45 a.m. to 6:15 p.m. Another runs from 6 to 9 a.m., and from 3 to 6 p.m. The new bus plan would keep the second bus running throughout the day.

There is also a trip on the daily bus schedule from Andover center to both the Internal Revenue Service building and Raytheon. And that trip keeps those from Andover who want to ride to Lawrence on the bus for extra time. The proposed shuttle service would be taken off the Lawrence bus route and made a seperate service according to the new plans.

But, in order to make these plans work, there will be a fare increase. It now costs 50¢ to ride the bus to Lawrence. The cost of the one-way trip would be hiked to 60¢. The ride would cost 30¢ for the elderly and those under 12 years of age, up from 35¢. And a person aged 18 or under could ride the bus for 30¢ during school hours, Monday through Friday.

There is also a special bus for the elderly and handicapped, called Weebus, that will pick up Andover residents anywhere and bring them anywhere in town. The fee for the Weebus is now 35¢ but will be raised to 50¢ in the new plan. To make reservations for the special service, call 475-4310 one day in advance.

We Promise...
Your Party
Will Be Better Than A
Roman Banquet
Ever Was With...
Towne Deli Party. Platters!

When the triumphs of Rome (100-30 B.C.), brought all the riches of the world flowing into the city, they were put first to the pleasures of the table. The object of these banquets was to 'flatter the guests,' and a typical Roman Banquet often stretched to 20 courses and included party platters of grasshopper, ostrich, dormouse and wild boar, all smothered in spices to stimulate the appetite.

At Towne Deli, we do Party Platters that will do a lot more to 'flatter your guests!' In fact, at Towne Deli we want *you* to enjoy your party, most of all! We'll prepare ample platters of the finest, freshest meats...roast beef, baked ham, corned beef, turkey...whatever you wish. Cheeses, delicious homemade potato salad and Cole slaw, relishes, breads and rolls of all kinds. Ask about our antipastos and finger sandwich platters. Let us do the work, and *you'll* receive the flattering comments!

Call and we'll help you plan your most perfect party ever...much better than Roman Banqueting ever was!

"At Towne Deli, we don't make all the friends we do, serving just deli, alone!"
